FLOORPLAN PROCEDURES

(AFC, MAFS, Car-Bucks, DSC, Auto Use, City Auto Finance, ADF/DFS)

Any dealer using the above-listed floor plans through Cain's Murray Auto Auction, Inc. will follow these procedures:

FLOATS & FLOORPLANS

As of now the only floor plan company that will allow you to floor a unit after a float is ***Car-Bucks***. If you wish to use a floor plan after a 2-week float, you must leave a **company check**. If you have no availability once your 2-week float ends your company check will be deposited immediately. It is your responsibility to make sure funds are available once your float is due. All off-float deals will be sent to your floor plan company as a float. Any unit over 30 days will not be floor planned through the auction. If you are buying a 4-week float , you must leave a separate check for the float fees!

FLOORPLANS WITH NO FLOATS

All dealers using a floor plan must leave a check with the auction. You may also leave several checks at the auction that we can hold in your file instead of having to write a separate check for each deal.

On the following Friday when all the floor plans are processed and you show NO funds available, your check will then be deposited. If you have funds available, your check will be voided and sent back to you once the auction has been paid in full.

FLOORPLANS & TAs

Unless you are floating, all TA deals will be floor planned the next day. We will no longer wait until the title is received.

FLOORPLANS WITH NO AVAILABILITY

It is the dealer's responsibility to choose a floor plan with available funds. *The auction will NOT find availability for you.*

If you have no funds available with the floor plan you chose, we will contact you and give you until the following Monday to find availability. If no phone call is received by closing Monday, your company check will then be deposited. No Exceptions.

FLOORPLAN FEE

There will be a \$10 Floor plan fee added to your Bill of Sale.

Give us a call if you are interested in any of the floor plans offered at our auction!
